

How to Upload a Patient Roster

Practices will receive the PCF Patient Roster Instructions and Frequently Asked Questions (FAQs) and PCF Patient Survey Roster Template via the First Edition newsletter in May 2021. These materials will also be posted on PCF Connect. A recorded webinar, Patient Roster Success, will also be made available to practices in May.

Practices will not submit patient rosters on the PCF PECS website. Rosters will be submitted on the PCF Portal.

Practices should contact PCF Support at PCF@Telligen.com or (888) 517-7753 with any questions.
